## **Area Inspector's Observations**

As can be seen from the figures presented this has been a quiet reporting period.

Your new Community Officer Constable Reg Geddes is settling in to his new role. Reg has already demonstrated his commitment to the Community in the short time he has been with us; I am confident that the Kingswells Community will reciprocate by working closely with him in the course of his duties.

I would seek to remind the Community, that the efficiency of our processes is dependent upon the prompt reporting of incidents and the provision of as much information as possible. Please ensure that you exploit all possible lines of communication to get your message through to us.
